

EVENT BULLETIN 2022-SUMMER KAZAKH NATIONAL AGRARIAN RESEARCH UNIVERSITY

KAZNARU INTERNATIONAL SUMMER SCHOOL | JUNE 6-19 | 2022

As a leader in agrarian education and science, KazNARU created the International School platform, where the leading scientists of the agrarian sector from all over the world share their experience and knowledge with young scientists. The International Summer School 2022 will be held in the offline mode, where participants can learn new knowledge and learn about the innovative technologies in the development of agro-industrial complex. They will be able to communicate in a single space and time, where the energy and power of young scientists and the wisdom of outstanding professors will be activated.

The works of outstanding scientists of the world are the achievements of all mankind, which we are ready to share on the platform of the KAZNARU INTERNATIONAL SUMMER SCHOOL (ISS-2022).

We invite young scientists to participate in the International Summer School in 13 topical areas.

The developed educational program allows you to get 5 ECTS in special disciplines.

What makes ISS-2022 unique is that it is organized with an integrated approach.
